"VERSUM SOLO A & D cello strings are an unsurpassed game-changer. Not only do they possess the power to "cut through" any acoustical situation, they also allow the listener to hear the glory of the instrument – not just the string. They enable both instrument and player to shine through the colorful prism of VERSUM SOLO strings, furthering the stimulation of the artist's imagination to reach greater heights of creativity. They feel wonderful and flexible under the hand and blend beautifully with SPIROCORE tungsten G & C strings and equally well with VERSUM G & C. I recommend them very highly. They are my absolute favorite strings in the world."

WELL-BALANCED INSPIRATION

Versum strings impress with a beautiful tonal balance: a sweet top and a warm, velvety and round bottom. With their focused sound and precise and powerful intonation they give your instrument a unique personality and offer you great versatility in expression. A vast spectrum of colours and an ideal balance across all strings provide support for the cello's lower voice while accentuating its soloistic opportunities.

Highlights: ■ **Elegant balance of warmth and sweetness** ■ **Precise and focused** ■ **Quick response**

A bold new series – Elderly Leaves. These colour photographs were taken in the autumn when the leaves were just cresting to their fall glory.

Another new series – Grasses and Weeds, all in black and white silhouette, celebrates the ordinary grasses and weeds found along country roads in southern Ontario.

SEE MORE from both series at David's booth at the popular Riverdale Art Walk. Saturday, June 3 and Sunday, June 4 at the Jimmy Simpson Park – 870 Queen St. East at Booth Avenue, Toronto.
