John Patitucci

YAMAHA®

Before his name went  
on it, his heart, **his**  
**soul** and most of  
the skin on his fingertips went  
into it.

We put a lot into the Yamaha John Patitucci Bass. Things like exotic woods, an advanced bolt-on neck design and parametric <sup>E</sup>Q. The result is an impeccably crafted instrument that's **extremely playable** and **unusually versatile**. As is our whole line of 6-, 5- and 4-string <sup>T</sup>R<sub>B</sub> basses. We wouldn't have it any other way. Needless to say, neither would John. Call (416) 298-1311, to find out more.

### President's Message

**C**ongratulations and welcome to MusicFest 1996.

Over 450,000 young musicians and directors competed in 80 regional festivals this year and you represent the best of the best. You are about to take part in five days of intense clinics and workshops; performances in front of 35 of North America's finest adjudicators and evaluators; 20 evening concerts featuring world renowned performers and a state of the art video/dance on the final evening. We guarantee that you will leave very tired, very happy and very excited about your music and the music you have created with new friends from all across Canada.

We all owe our gratitude to the sponsors who continue to invest in you, year after year. Thanks to Yamaha Canada Music Ltd., Canadian Airlines, General Motors and the dozens of other sponsors who make this event happen. And when you see one of over one hundred "Volunteers", say hello.

Canada is watching so let the music begin!

Félicitations et bienvenue à MusicFest 1996.

Plus de 450,000 jeunes musiciens et directeurs ont concouru dans 80 festivals régionaux cette année et vous représentez la crème de la crème. Durant les cinq prochains jours, vous participerez intensivement à des ateliers de travail et de perfectionnement; vous performerez devant 35 des meilleurs juges en Amérique du Nord; vous assisterez à 20 concerts en soirée avec des artistes reconnus dans le monde entier et finalement, lors de la soirée de clôture, vous exécuterez une danse/video employant une toute nouvelle technologie de pointe.

Nous garantissons que vous partirez très fatigués, très heureux et très excités à propos de votre musique et de celle que vous aurez créée avec vos nouveaux amis de toutes les régions du Canada.

Nous devons toute notre gratitude aux commanditaires qui continuent de croire en vous, année après année. Merci à Yamaha Canada Musique Ltée., à Canadian Airlines, à General Motors et aux douzaines d'autres commanditaires qui nous permettent cette rencontre si spéciale. Et quand vous verrez un(e) de nos centaines de "Bénévoles", saluez-le(la)!

Canada vous regarde. Que la musique commence!

### Message from the Premier of Ontario

**I**t's my pleasure to extend greetings, on behalf of the government and the people of Ontario, to those participating in and attending MusicFest Canada 1996.

A special welcome goes to those of you who have travelled a long way to be here. Metropolitan Toronto offers the best in entertainment, cultural events and sightseeing. I hope each of you will find the opportunity to explore our provincial capital and sample our hospitality.

There is no artistic endeavour that rivals music in expressing form, harmony and emotion. I applaud all the young performers for cultivating these qualities in themselves and for making music an integral part of their lives.

Distinct recognition must go to the organizers of MusicFest Canada who have worked diligently to promote and enrich the musical spirit in thousands of young people from across our country. You can all take pride in your accomplishments.

In addition to its entertainment and educational value, MusicFest Canada's lineup promises much fun and friendship. I send my best wishes to everyone for a terrific time!

C'est avec grand plaisir que je salue, au nom du gouvernement et de la population de l'Ontario, toutes celles et tous ceux qui assistent et participent à la Fête de la musique du Canada 1996.

Je souhaite tout spécialement la bienvenue à celles et à ceux qui ont dû beaucoup voyager pour se rendre ici. Le Grand Toronto offre ce qu'il y a de mieux dans le domaine du spectacle, des événements culturels et du tourisme. J'espère que vous aurez tous l'occasion d'explorer notre capitale provinciale et de connaître notre hospitalité.

Aucun art ne saurait égaler la musique lorsqu'il s'agit d'exprimer forme, harmonie et émotion. J'applaudis tous les jeunes musiciens pour avoir su acquérir ces qualités et intégrer la musique à leur vie quotidienne.

Nous devons reconnaître tout particulièrement les organisateurs de Fête de la musique du Canada qui ont œuvré assidûment pour promouvoir et enrichir l'esprit musical de milliers de jeunes gens à travers le pays. Tous et toutes, vous pouvez être fiers de votre belle réalisation.

En plus de sa valeur éducative et en tant que spectacle, la Fête de la musique du Canada favorisera sans doute les amitiés et l'amusement. Je vous souhaite à tous et à toutes du très bon amusement!

*Michael D. Harris, MPP  
Premier of Ontario*

## Music is Healing

### at Berklee College of Music

Berklee College of Music is proud to announce an exciting new major in music therapy, to begin in the fall. Music therapists are able to improve people's lives by using music as a tool to bring about positive personal change. Music therapy is applied with exceptional children and adolescents as well as adults who have special needs. Music therapists work in a large variety of clinical facilities, including psychiatric settings, skilled nursing and intermediate care homes, child and adolescent treatment centers, schools, and many other areas. In addition, as community-based programs and services replace residential institutions, music therapists are going into private practice and developing contractual arrangements with multiple agencies.

Berklee's music therapy program will bring a new vision to this fulfilling profession. At Berklee, students will be able to integrate musical and interpersonal talents with the latest technology and a world view of today's music, building careers devoted to helping others achieve their goals regardless of their personal limitations or challenges. The National Association of Music Therapy has tentatively approved the program, pending graduation of the first student in the major.

Berklee's approach to music therapy is like none other; and Berklee's curriculum prepares music therapists for diverse employment opportunities. Berklee's courses include a Core Music Curriculum, an emphasis in the Behavioral Sciences, and the specialized professional music therapy concentration. Music therapy courses integrate the latest in music and medical technology as they teach basic theory and foundations for the use of music as therapy.

Berklee students will train in the field. Many of Berklee's music therapy courses offer a concurrent practicum where students apply the skills that they are learning in the classroom. During this field work, students design, implement and evaluate a music therapy program in well-known hospitals, schools and clinical facilities in the Boston area. Students are guided through this process with individual supervision on-site and using video observation and feedback techniques back on campus.

Berklee has chosen a veteran music therapy practitioner and champion to head the program. Suzanne B. Hanser, Ed.D, former President of the National Association for Music Therapy, will serve as chair of the new major: "I think Berklee is the most exciting thing to happen to music therapy in a long time ... Berklee is an ideal place for a music therapy program, because of the focus on contemporary music and the technological resources the college has." For more information about the new music therapy major at Berklee, please call 617-266-1400 or 1-800-421-0084.

## A VOTE OF THANKS

Acknowledging MusicFest Canada's many sponsors and suppliers in print somehow seems inadequate. Listed are just their tangible contributions. What we don't see are the intangibles. These include the time spent planning and organizing their support, taking the opportunity to promote the virtues of the event, raving about its talented performers and encouraging other companies to get involved.

Please take a moment to become more familiar with the names of your corporate sponsors listed on this page. Over the course of the next few days, if you see a representative from one of these companies, tell them as you have us, how much you have benefited from and enjoyed your MusicFest Canada experience. That is really all the thanks they are looking for.

YOU SAID YOU'D BE THERE. BUT STUFF HAPPENS. THINGS CHANGE. AND YOU'RE HELD UP. SO WHAT DO YOU DO? NOT SHOW? NOT LIKELY. **YOU DO WHAT YOU SAID YOU'D DO, EVEN IF IT MEANS DRIVING ALL NIGHT.** YOU CAN BE DEPENDED ON. AND FOR A LOT OF WHAT YOU DO, THAT MEANS HAVING A CAR THAT CAN BE DEPENDED ON. A CAR LIKE THE CHEVROLET CAVALIER Z24. YOU CAN DEPEND ON THE CONTROL OF THE STANDARD 4-WHEEL ANTI-LOCK BRAKES. ON THE PERFORMANCE OF THE 2.4L 150 H.P. ENGINE, THE SEQUENTIAL-PORT FUEL INJECTION AND THE POWER RACK AND PINION STEERING. THE SAFETY OF THE STANDARD DUAL FRONT AIR BAGS, RIGID SAFETY CAGE CONSTRUCTION AND SIDE-GUARD DOOR BEAMS. YOU CAN DEPEND ON THE COMFORT AND STYLE OF THE WELL THOUGHT-OUT DESIGN. YOU CAN DEPEND ON THE SECURITY OF 24-HOUR ROADSIDE ASSISTANCE. IN FACT, THE CAVALIER IS THE CAR MORE AND MORE CANADIANS DEPEND ON. AS THE BEST SELLING CAR IN THE COUNTRY FOR SIX YEARS RUNNING, THE CAVALIER CAN RIGHTFULLY CLAIM TO BE

**TRIED, TESTED & TRUE.**

During 1995 the band's performances promoted the 50th Anniversary of the United Nations Peacekeeping Force with the song "Lead the Way". The song was written by Sergeant Steve Emberson and Rob Habermahl as a tribute to Canadian Peacekeepers. Last year also marked the premiere of Sergeant Mark Bailey's composition "Regality". established themselves on the cutting edge of vocal ensemble singing, breathing new life into a vocal genre pioneered in the late 50's by Lambert, Hendricks and Ross. Tight arrangements, intimate voicings, and daredevil scatting are all New York Voices

trademarks, and are beautifully showcased on three additional GRP albums: "Hearts Of Fire", "What's Inside" and most recently "The NYV Collection". They have placed in the top ten on Billboard's jazz charts.

The Voices continue to tour intensely with their stellar instrumental trio, and are in constant demand from Moscow, to Los Angeles to Tokyo. In addition to their concerts and clinics, the Voices have recently embarked on several new projects, including performances with symphonies and big bands. Their latest success with a large ensemble occurred at Carnegie Hall in September of 1994, when they performed with the great Count Basie Orchestra on a spectacular program featuring the legendary Lena Horne.

The Voices most recent project is to redefine the vocal jazz genre. They are developing a project to pay tribute to the historic Lambert, Hendricks, and Ross group.

**Darmon Meader**, the Voices musical director not only sings but is a masterful arranger and instrumentalist. He plays both tenor and soprano saxophone, as well as the EWI in all the Voices performances. His vocal arrangements continue to define and strengthen the vocal jazz idiom while bridging the vocal/instrumental gap.

**Peter Eldridge** is a studio session vocalist and a songwriter who uses an irrepresible mixture of pop, folk and jazz. He recently completed recording a number of his own tunes with producer/drummer Ben Wittman. In the fall of 1993 Peter joined the faculty of the Manhattan School of Music in the vocal jazz/commercial music departments.

**Kim Nazarian** teaches privately, conducts vocal clinics throughout the United States as well as jingle and film score work in New York City. She is also devoting her time to her original, interactive children's concert entitled "Long Ago and Far Away", which is being developed for television and video presentation.

**Lauren Kinhan** recently completed a return solo engagement at New York's Bitter End. She has written two of the Voice's most popular tunes; "Do You Wanna Know

What I Want?" and "Open Invitation". Lauren has worked with other artists which include Sybil, Producer Terri Burrus, John Pizzarelli, Michael Urbaniak and Jose Feliciano. Lauren brings a fresh pop edge to the group.

### WHITBY BRASS BAND

Concert  
Roland Hill, Conductor  
Phil Crossley, Assistant Conductor  
May 23, 9:30 p.m.  
Marriott Airport  
Salons F,G,H, & I

The Whitby Brass Band traces its heritage back as far as 1857. The group in its present form started after World War II when several dedicated musicians in the Whitby area "recommissioned" the band instruments that had long ago been put into storage.

Over the past years, several names have applied to this band: Whitby Citizens Band, Whitby Police Band and finally, The Whitby Brass Band. A series of dedicated bandmasters have conducted and instructed the band over the years including Eric Clarke, Stanley Redfearn, Barry Hodgins, and the current conductor, Roland Hill.

The band is community based and all the band members are amateurs in the true sense of the word in that they play for the love of music itself. They all hold regular jobs outside the performance of music, including teachers, tradesmen, police officers, engineers, factory workers, business persons, students, retirees and many others. Their ages range from early teens to late sixties. The present organization consists of a Senior Band, Junior Band, and Learners class.

The band performs brass band material in the tradition of the world famous British Brass Bands. The compositions and arrangements are written for traditional instrumentation including cornets, Eb horns and percussion. The music demands the highest level of performance from the 32 all brass performers.

Roland Hill was born in Yorkshire, England, in the heart of British Brass Band

Country. He received his early musical training through the Salvation Army. In the late sixties and early seventies Roland was Principle Tuba in the Band of The Royal Air Force Regiment, where his tours of duty included Buckingham Palace (The Changing of the Guard Ceremony) and foreign tours of Cyprus, Germany and Hong Kong. In 1978 Roland emigrated to Canada and by 1980 became Bandmaster of the Whitby Brass Band.

## When kids study music, they learn about harmony.

Kids learn a lot about themselves when they play in a band or orchestra. They discover the benefits of practice; how it can help them find and reach their full potential.

They also learn a lot about each other. They learn to take responsibility for their own performance, and to trust one another to do the same.

One of the greatest sources of satisfaction for most music teachers comes from the pride their students take in their achievements, the recognition of what they have accomplished *together*.

At Gemeinhardt, that's also one of our greatest rewards. By utilizing *both* technology and skilled craftsmanship, we are able to create instruments of extraordinary beauty and remarkably consistent quality. We believe that students deserve instruments of only the highest calibre to help them realize their full potential.

Gemeinhardt salutes the tremendous efforts of band and orchestra teachers who year after year teach our children the joys of playing music. Because we believe kids who learn to play together learn to live together.

## *Silent* BRASS

*Play  
Anywhere!  
Anytime!*

It's a complete, soundproofed electronic studio small enough to clip on your belt. It consists of a pickup mute, stereo earphones, and digital processor (the "Personal Studio").

With it, you can blow with all your might, and produce hardly a whisper—outside anyway. Inside, though, you will be enveloped in sound so rich and full that you'll feel like you're standing in the middle of a concert hall.
