## Message from the Prime Minister of Canada Message du Premier ministre du Canada

I am delighted to extend my warmest greetings to everyone taking part in the 42nd Annual MusicFest Canada, taking place in Richmond, BC.

First held in 1972, this festival—the largest event of its kind in North America—provides a forum where both young musicians and educators can come together to share their love of music, perform before appreciative audiences, and inspire and learn from one another.

I congratulate the young musicians who have been selected to take part in this year's festival. I am certain that they will find this experience most rewarding and that music will continue to provide personal fulfillment as they journey through life.

Please accept my best wishes for a most memorable and enjoyable week.

Je suis heureux de présenter mes salutations les plus chaleureuses à tous ceux et celles qui participent au 42e festival annuel MusicFest Canada à Richmond, en Colombie-Britannique.

Ce festival, qui a débuté en 1972, est le plus important événement de la sorte en Amérique du Nord. Il fournit un cadre où de jeunes musiciens et des enseignants peuvent se réunir pour partager leur amour de la musique, se produire en concert devant un public admiratif, s'inspirer mutuellement et apprendre les uns des autres.

Je félicite les jeunes musiciens qui ont été sélectionnés pour prendre part au festival cette année. Je suis convaincu que vous trouverez cette expérience fort enrichissante et que la musique continuera d'être une source d'épanouissement personnel tout au long de votre vie.

Je vous souhaite une semaine des plus agréables et mémorables.

## Message from the President of MusicFest Canada Message du Président de MusicFest Canada

On behalf of everyone at MusicFest Canada and our national partner, the National Arts Centre/Centre National des Arts, we welcome you to the 42nd Annual MusicFest Canada "The Nationals/Finales Nationales". We are delighted to be back at the City of Richmond on Canada's sunny West Coast. Next year, we will be back in downtown Toronto at Victoria College, hosted by our Toronto partner, the Faculty of Music, University of Toronto.

This year we have a special focus on our five honour ensembles; the Denis Wick Canadian Wind Orchestra, the Conn-Selmer Centerstage Jazz Band, the Ellison Canadian Honour Choir, the National Youth Jazz Combo and the newly formed Canadian String Orchestra. All will be performing on Friday, our "Honour Ensemble Day".

The Festival would not be possible without our sponsors...our partners in music education. We thank our now long-term sustaining sponsors: Ellison Travel and Tours, Humber College, Pearl, Adams, Dream, Denis Wick London, Yamaha, Roland and Conn-Selmer. We also want to acknowledge a number of new sponsors from the broadcasting sector. Joining our existing sponsor Slaight Music, we are pleased to welcome CORUS Entertainment, Newcap Radio, Sirius XM Canada Inc. and FACTOR.

I hope you will take this opportunity to attend all of the clinics, workshops, educoncerts and evening concerts featuring dazzling musicians all over North America and Europe. In particular you will enjoy listening to Pearl Drummer Will Kennedy from the Yellowjackets in various appearances throughout the Festival.

Au nom de MusicFest Canada et de notre partenaire national, le Centre National des Arts, nous vous souhaitons la plus cordiale bienvenue au 42e festival annuel de MusicFest Canada, les « Finales nationales ». Nous sommes ravis d'être de retour à Richmond sur la côte ouest canadienne. L'an prochain, nous retournerons à Toronto au collège Victoria College, où notre partenaire de Toronto, la Faculté de musique de l'Université de Toronto, nous accueillera.

Cette année, nous accordons une attention toute spéciale à nos cinq ensembles d'élite, l'ensemble Denis Wick Canadian Wind Orchestra, l'ensemble Conn-Selmer Centerstage Jazz Band, la chorale Ellison Canadian Honour Choir, l'ensemble National Youth Jazz Combo et le nouvel orchestre Canadian String Orchestra. Ils s'exécuteront tous le vendredi lors de notre « Journée des ensembles d'élite ».

Le Festival ne serait pas possible sans l'aide de nos commanditaires et partenaires en éducation musicale. Nous désirons exprimer toute notre gratitude à nos commanditaires de longue date, Ellison Travel and Tours, Humber College, Pearl, Adams, Dream, Denis Wick London, Yamaha, Roland et Conn-Selmer. Nous tenons également à remercier quelques nouveaux commanditaires du secteur de la radiodiffusion. Nous sommes donc heureux d'accueillir CORUS Entertainment, Newcap Radio, Sirius XM Canada Inc. et FACTOR qui se sont joints à notre commanditaire actuel, Slaight Music.

J'espère que vous profiterez de cette occasion pour assister à toutes les cliniques, ateliers, éduconcerts et soirées de concert qui mettront en vedette de prodigieux musiciens venant de partout en Amérique du Nord et d'Europe. Vous appréciez aussi certainement les performances du percussionniste de Pearl, Will Kennedy du groupe Yellowjackets, lors de ses diverses apparitions au cours du Festival.

# Create a world-class music rehearsal space.

(without knocking out a single wall)

**Wenger can help you change the paradigm of what rehearsal room acoustics can be.**

This year Wenger is introducing two innovative new products that expand the acoustical capabilities of any new or existing music rehearsal room. **Tunable Acoustic Panels** let the user switch the acoustics of their rehearsal room from vocal to instrumental with the turn of a handle. And **VAE Rehearsal** uses strategically-placed microphones and speakers (along with powerful processors) to simulate the acoustics of an auditorium, a cathedral or several other performance environments on the fly – right from a simple control panel. It's the easiest way to expand the acoustic capability of any rehearsal room *without adding one cubic foot of additional space.*

With over 65 years of expertise in the field of education, Wenger can help you create cost-effective, superior music and athletic environments.

**From unique products and expertise to our trusted planning guides to downloadable CAD/REVIT symbols, Wenger has the resources you need to create quality that reverberates.**

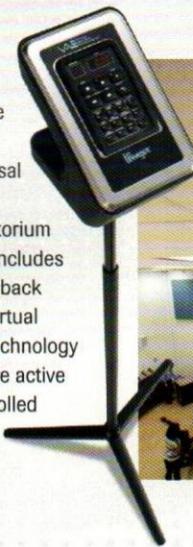

## Tunable Acoustical Panels

Revolutionary design quickly adapts from absorption to diffusion for the ultimate in "flexible" room acoustics. Turn the handle to the left and the panel becomes an absorber, turn it to the right and it becomes a diffuser (with up to .8 second change in reverberation time). Allows schools to accommodate choral and instrumental needs in one room.

## VAE® Rehearsal

Lets conductors simulate nine different acoustic environments in a rehearsal room, including custom simulations of your auditorium or other venues. It also includes push-button record/playback capabilities. Wenger's Virtual Acoustic Environment technology is so advanced, the entire active acoustic system is controlled from a single keypad.

# Créez un espace de répétition musicale de classe mondiale.

(sans démolir aucun mur)

Wenger peut vous aider à changer le modèle de pensée concernant l'environnement acoustique d'une salle de répétition.

Cette année, Wenger a introduit deux nouveaux produits innovants pour améliorer les capacités acoustiques de toutes les salles de répétitions musicales neuves ou existantes. Les panneaux acoustiques accordables vous permettent de modifier l'acoustique d'une salle de répétition musicale de qualité vocale vers une qualité instrumentale en tournant simplement la poignée. Et la caractéristique de répétition VAE utilise des microphones et des haut-parleurs minutieusement positionnés (ainsi que des processeurs puissants) pour simuler rapidement l'acoustique d'un auditorium, d'une cathédrale ou plusieurs autres environnements de performance depuis panneau de commande simple. C'est la méthode la plus facile pour améliorer la capacité acoustique de toutes les *salles de répétition* sans avoir à ajouter un seul centimètre de plus d'espace.

Avec plus de 65 ans d'expertise dans le domaine de l'éducation, Wenger peut vous aider à créer des environnements musicaux et athlétiques supérieurs économiques.

Que ce soit pour des produits uniques, l'expertise, des plans-guides éprouvés ou des symboles CAD/REVIT téléchargeables, Wenger possède les ressources dont vous avez besoin pour créer une réverbération acoustique de qualité.

NOUVEAU  
PRODUIT

## Panneaux acoustiques accordables

Conception révolutionnaire s'adaptant rapidement de l'absorption à la diffusion sonore pour obtenir une acoustique de salle « flexible ». Tournez la poignée vers la gauche et le panneau se transforme en absorbant acoustique ou tournez la poignée vers la droite pour que le panneau se transforme en panneau diffuseur (avec un temps de réverbération de 0,8 seconde). Ces panneaux permettent aux écoles de répondre aux besoins des chanteurs et des musiciens en une seule salle.

NOUVEAU  
PRODUIT

## Répétition VAE<sup>MD</sup>

Permet au présentateur de simuler neuf environnements acoustiques différents dans une salle de répétition, en plus des simulations personnalisées à votre auditorium ou autres endroits. Comporte également un bouton-poussoir pouvant enregistrer et lire. La technologie d'environnement acoustique virtuel de Wenger est tellement évoluée qu'elle permet de commander tout le système acoustique actif à partir d'un seul pavé numérique.
