NEW FOR THIS YEAR the Festival will be offering a number of clinics regarding the business of music.

In particular, there will be a clinic on colleges and courses that prepare you for a career in the music business, a clinic on new developments in music rights management, and a clinic on CRTC policies relating to Canadian music by emerging artists, particularly in the jazz and classical fields. These clinics will feature top authorities in music education, collective rights management, and CRTC policy.

Peter Grant

Sponsored by / Parrainé par Mc Cathy Tetreault

POUR LA PREMIÈRE FOIS CETTE ANNÉE, le Festival offrira de multiples ateliers relativement à l'industrie de la musique.

Notamment, on y trouvera un séminaire au sujet des collèges et cours qui vous préparent à une carrière dans le monde de la musique, un autre sur les nouveaux développements en gestion des droits d'auteur et enfin une autre session sur les politiques du CRTC concernant la musique canadienne et les jeunes musiciens particulièrement dans les domaines du jazz et de la musique classique. Ces ateliers présenteront des sommités en éducation musicale, en gestion des droits d'auteur et en politiques de la CRTC.
